

Quail Creek Golf Course

NOTICE: Patrons of Quail Creek, the Pro Shop will be moving into a temporary trailer located on the West end of the Clubhouse beginning, Thursday February 23rd, 2017.

You may or may not know, we have some damage to the pro shop walls behind the stucco (a/k/a "drive-it"). Years of leaks around the windows have enabled the termites and rotting of studs to disintegrate wall structures under and around the windows. Plans are to hire a local contractor to remove sheet around the room to determine the full affect of damages. Then we can see what we have to replace and come up with a scope of work. The structural integrity of the Golf Shop is in question and requires the need for the Pro Shop area to be shut down.

For these reason we have established the following criteria:

- 1. Restrict the public or employees from areas that appear threatening and secure utilities to the effected area.**
- 2. Assure safety / structural assessment of the building and determine what areas need to assessment.**
- 3. Mayor Karin Wilson is up to date on the situation and will receive results of the Engineer's findings. Councilman, Kevin Boone has been on site to inspect the damages along with Lance Cabiniss, Dan Ames and Lynn Maser all City of Fairhope administration staff.**
- 4. The City will follow procedure for declaring the health and safety of the public, that the golf shop be secure for a time as to determine the scope of work and necessary cost of re-building and re-construction.**

For these reasons, a temporary trailer will be set up to receive your registration for golf for the day. All computers, telephone lines and the credit card machine will be moved into the trailer beginning sometime during the day, pending arrival of the trailer on Thursday February 23rd, 2017.

The GHIN Handicap computer will be re-set in the clubhouse dining room.

The snack bar/grill will remain open as normal. The restrooms and Men's and Women's Locker rooms remain open as normal.

We are sorry for the inconvenience, but please note, this will not affect any of our regularly scheduled daily operations or league play!

We will continue to operate Quail Creek with business as usual!

As we obtain further news on plans for re-construction, we will keep everyone advised and as well informed as possible.

Thank you for your patience,

Please call the golf shop at 251-990-0240 if you have any questions.
