LETTER FROM THE MAYOR

Fairhope has a history that is rich in culture, heritage, and tradition that lifelong Fairhoppers and newer residents alike have come to cherish equally.

Fairhope has a present, and every day we are reminded that nothing stands still. Change is inevitable and must be guided to reflect the wishes and needs of our citizens, our businesses, our city employees, our government which serves all stakeholders.

Fairhope has a future that is being driven by record growth. Growth cannot be allowed to occur randomly. Growth must represent our values. It must add to the quality of life for which Fairhope is known and which is the reason for all this growth. To come to share in what is so special about Fairhope is to share in the responsibility of protecting it.

Now is the time we lay the plans to be implemented through time to meet the needs of our growth, to preserve our lifestyle and heritage. We all have different opinions on how to approach a situation. That's good. We share those opinions. And when we share them with respect for each other, they meld together and take root and form solutions we can all live with.

We have waste water, storm water, traffic and parking issues that need resolution now. It will take more than your government alone to accomplish these all-encompassing tasks. We want to partner with our citizens and our businesses to reach the solutions that will work for Future Fairhope: Moving Forward Together.

A copy of the Future Fairhope: Moving Forward Together booklet can be picked up at the following locations: Fairhope Public Library, Fairhope City Hall and James P. Nix Center.

A handwritten signature in blue ink, appearing to read 'Karin Wilson'.
