LETTER FROM THE MAYOR

"If you can't fly then run, if you can't run then walk, if you can't walk then crawl, but whatever you do you have to keep moving forward." - Martin Luther King, Jr.

This quote from Martin Luther King, Jr., should be what all good municipalities are built on: moving forward. Here in Fairhope, that's exactly what we're doing. Throughout our City I feel a pervasive spirit of working together beginning to rise. As your mayor, this spirit is what I believe will move our city to greater heights.

Publications across the region regularly highlight what we already know: Fairhope is an awesome place to live and work. Soon, we hope they will also highlight our City because of the progress we've achieved together!

As we get further into this spring season of renewal, I am encouraged by the idea that we are one step closer to unity in our community. From community events and positive change, to non-profit organizations that utilize the hard work of dedicated volunteers, our residents are coming together to make Fairhope the best it can be. Great progress is built on a solid foundation achieved through gains and successes both big and small. Those gains are increased exponentially when we all work in concert for the greater good. I hope you will join me as we continue this year with a goal of moving forward to the best version of Fairhope we've ever seen!
