Quail Creek
FAIRHOPE ALABAMA

Golf Software Handicap System

How to Post Scores on your Cell Phone

Download the GolfSoftware app from your app store

Install the app

Open the app

The first time you access the Golfsoftware app you will have to enter the organization website and sign in. Our organization website is quailcreek.golfclub.net.

After the first sign in you will stay signed in until you sign out.

Hit the Sign In option

Hit the Sign In as Golfer option

Sign In to Golf Software

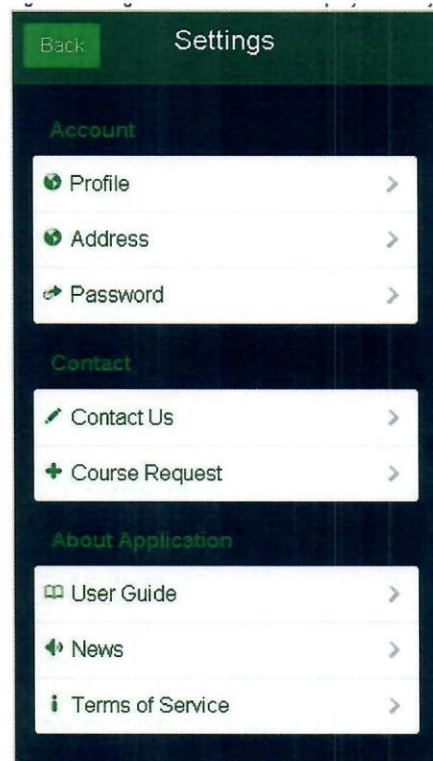

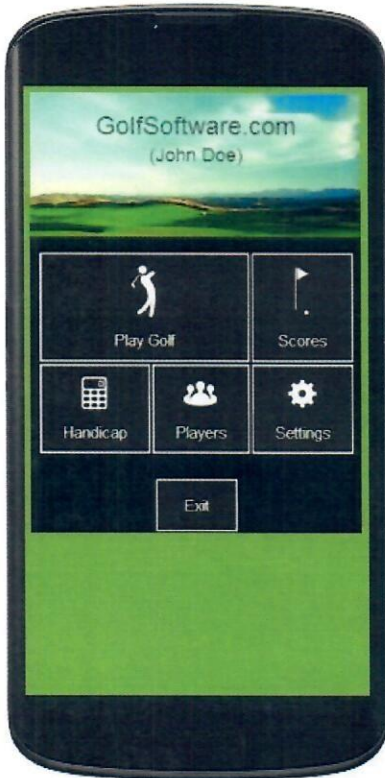

In the first <u>Sign In</u> field enter 30376 (*this is Quail Creek's GSID#*)

In the second <u>Sign In</u> field enter your member number (ie 4653)

In the <u>Password </u>field enter your password. Your initial password has been set to your last name (in Caps). If your last name is less than 8 characters/letters then you have to add zeros to it until it has 8 characters. (ie HOWARD00) Eight is the minimum length of the password.
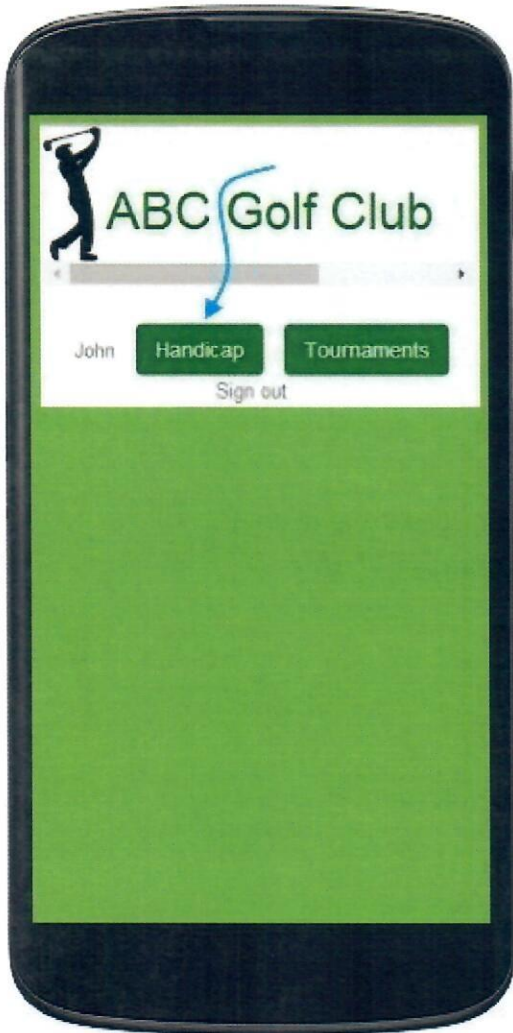

Change Password

You can change your Password by going to Settings on the app, then to Password. Change your password using at least 8 characters.

Post a Handicap

After signing on to the Golfsoftware app you will see a screen similar to the one below

Hit the Handicap option

Hit the Switch to desktop option at bottom of screen

Hit Scores, then hit Add Score

Select 18 or 9 holes

Select the date

Select the Course

Select the Tee

Enter Adjusted Gross Score

Select type of score

Hit the Save option (top right of screen)

Back out/close Golfsoftware app

Post Scores at Clubhouse

The computer in the Snack Bar allows you to enter Golf Software handicap scores. You will see the following screen:

Click on the Handicap option and post your score just as you would with the online Golfsoftware app except after you post your score hit the Sign Off button.

If you have questions, please contact Bill Howard at
