- Not present: Robert Brown, Council Liason
- Guest: Bill Hall, Bike and Pedestrian Committee

Call to order: 9:31 by Jill Godard

Old Business:

- November Meeting Minutes Approved

New Business

JG: Create a plan for 2021

1. MK will create an on-line repository with a gmail account.
2. Committee will work with Robert Brown and Sherry Sullivan to build support
3. Return to the original ordinance-July 2019
4. Investigate city of Auburn webpage and historic preservation
5. Take more personal initiative and work in between meetings to review ordinances, create what we envision.
6. Invite Robert Brown to speak at the February meeting, how do we work with the city council: where do you want to go with it?
7. General Committee Discussion: Continue the process of education. Certificate of appropriateness is missing from the city inspection process. Hurricane and resiliency: if we have historic ordinance in place, easier to get state money for rebuilding after a hurricane---also a point made by Miriam Boone. Discussion with Bill Hall for routine activity in committees and creating a consistent professional space in city committees.
8. JG/MK: Invites out for all calendar meetings for 2021, make sure none are falling on holidays, type up the dates and submit to the city for the website. Redirect to link for the calendar for the city website. Enhance our page on the city site. Assemble bios for the city, the mission state etc. Use google docs to make revisions. Consider recruitment.
9. Continue attention on CLG.

In short: main goals for 2021 include Getting the Ordinance together, moving into technology, continue researching successful ordinances like in Foley and Auburn. Develop an informed public presentation.

Meeting Adjourned: 10:30 by Jill Godard.

Next Meeting February 10, 2021, 9:30 at DelChamps Room Civic Center
