Old Business

- Meeting Minutes Approved
- Continue with main goals for 2021 including finalizing the ordinance, moving into technology, continue researching successful ordinances like in Foley and Auburn. Develop an informed public presentation.

New Business

- 1) Economic Impact Study will require presentation to the city council. If the resolution is passed, need to make sure that study is budgeted, then it will be up to the mayor to negotiate a fee schedule.
- 2) GG: suggests may not need city council approval or resolution if we find a pre-approved purchaser.
- 3) SJ: contacted John Sledge and Steve McNair. Neither wanted to take on an economic impact study. SJ suggests we could create a description of why it would be advantageous to take a study.
- 4) JG: Resigns her seat in the Historic Preservation Committee

Meeting Adjourned: 10:30 by Jill Godard.
