

- Councilmember Boone mentioned the Personnel Board meeting at 7:00 a.m. in the Mayor's conference room on Thursday.
- Councilmember Robinson said the Historic Preservation Committee's Mission amendment is on tonight's agenda.
- Councilmember Burrell brought up the Tree Committee and asked Patrick Waldrop to explain the issue with trees in Knoll Park. He said there are invasive trees such as the camphor trees, popcorn trees, and we need to stop the spread of the camphor tree.
- Public Works Director Richard Johnson addressed the City Council and gave a sanitation update. He mentioned the last two weeks we have been at one-third of operations. Mr. Johnson said the auto garbage truck will take 18 months for delivery lead time; and all chassis must be ordered in February. He explained the handout to the City Council (see attached). Councilmembers Burrell and Robinson said they would support a resolution to order truck and this is a smart move to think ahead.  
  
Mr. Johnson addressed Agenda Items No. 16, No. 21, and No. 22; and answered any questions if needed.
- Electric Superintendent Jade Fleming addressed the City Council and gave an update on the Morphy Substation. He addressed Agenda Item No. 13; and answered any questions if needed. Mayor Sullivan suggested "or an equivalent."
- Water and Wastewater Superintendent Jason Langley addressed the City Council regarding Agenda Items No. 10, No. 12, No. 13, No. 14, No. 17, No. 18, and No. 23; and answered any questions if needed. Mr. Langley said that he was not buying a tapping machine with a cost of \$25,000.00 and the \$7,500.00 has been removed. Councilmember Burrell suggested doing an amendment to the budget quarterly.
- Fire Chief Chris Ellis addressed the City Council and gave an update on 2021 Fairhope Volunteer Fire Department's fire calls; and addressed Agenda Item No. 16 and answered any questions if needed.
- Gas Superintendent Terry Holman addressed the City Council and reported on calls and reset meters for his department for the past three months. He addressed Agenda Items No. 25 and No. 26; and answered any questions if needed.
- Community Affairs Director Paige Crawford addressed the City Council and reminded everyone about State of the City on February 10, 2022 from 5:30 p.m. to 7:30 p.m.; and Arbor Day on February 12, 2022. Ms. Crawford addressed Agenda Item No. 15; and answered any questions if needed. She said this is the same shell count as last year's show. Councilmember Robinson said it is a product issue and we should not change the show. Councilmember Martin agreed with Councilmember Robinson to no change the show.
- Mayor Sullivan addressed Agenda Item No. 11 and said this is the initial process for the athletic track and additional parking. Councilmember Martin stated we have several contributors: Fairhope Single Tax Corporation, Baldwin County, and City of Fairhope. Councilmember Burrell questioned turnkey contractors to save on engineering fees.

Fairhope Junior City  
Council Camellia  
Crosswalk Proposal

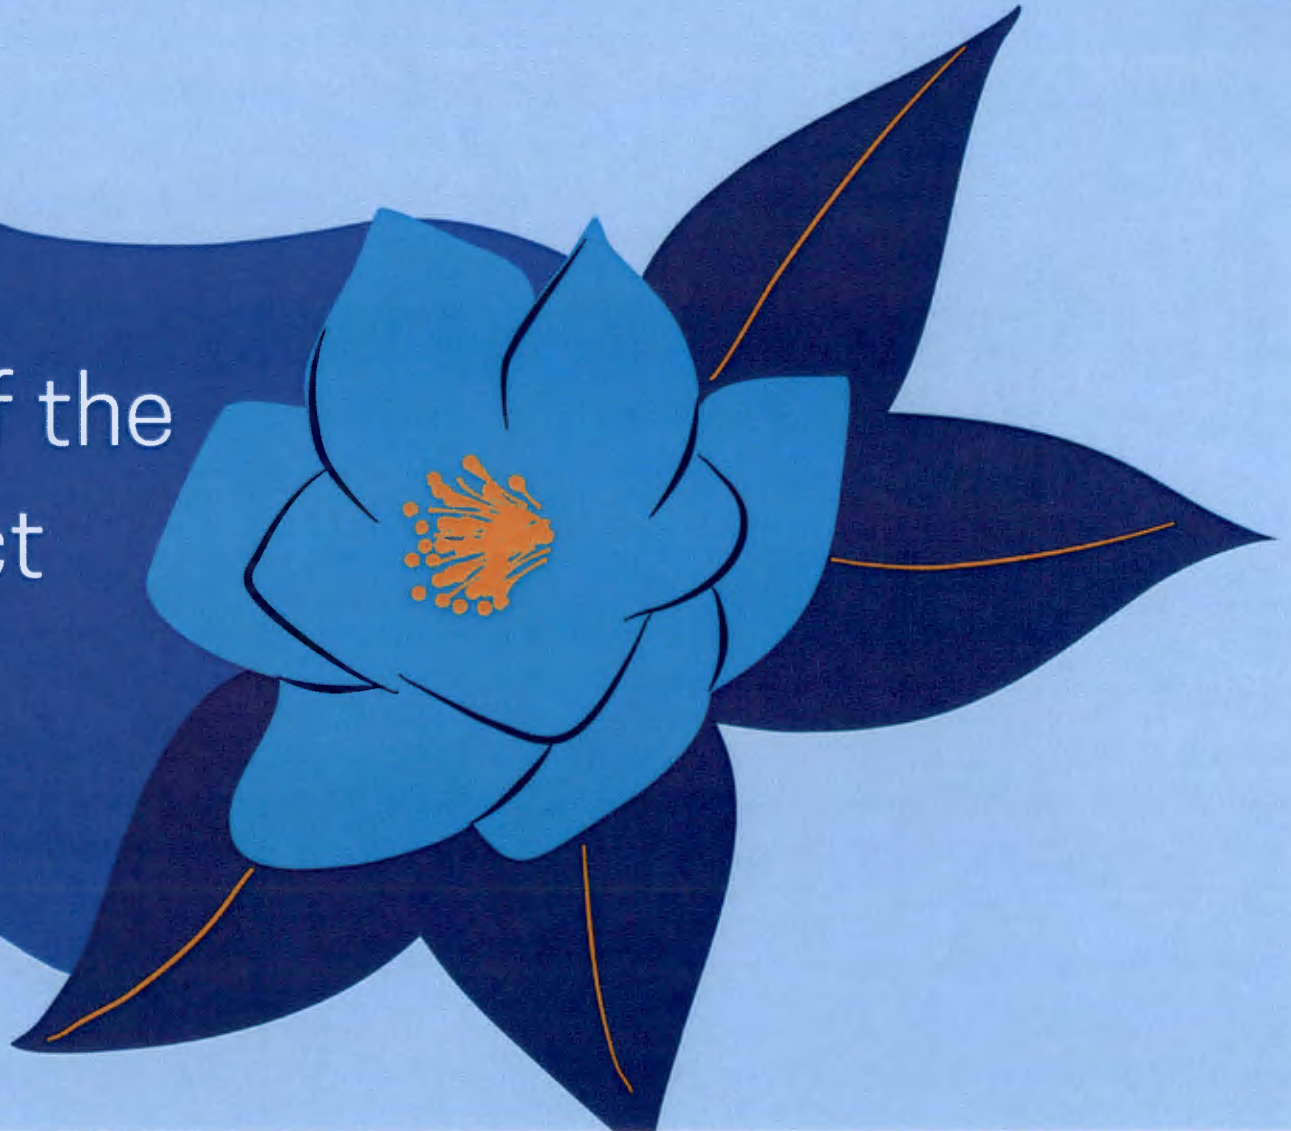

# FJCC Introduction & Goals

The Fairhope Junior City Council exists to provide youth outreach and serve as the youth's voice in the City of Fairhope.

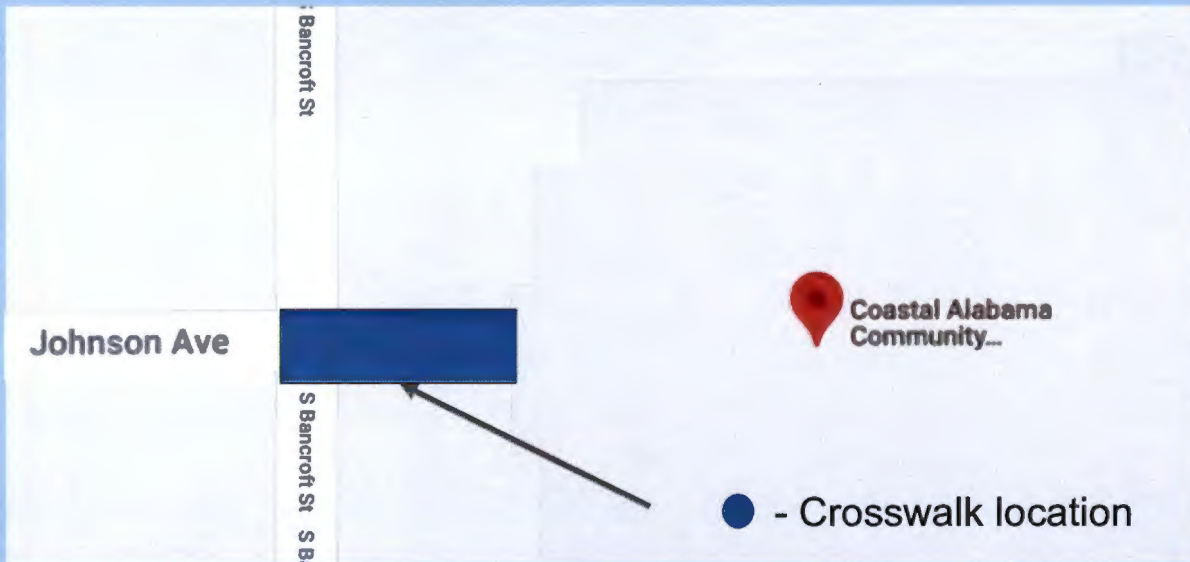

With this **Camellia Crosswalk** project we hope to provide the citizens of Fairhope and the students of Coastal Alabama Community College with a **safe walking space** to traverse to and from classes or simply going about their day to day. We hope to showcase the **beautification efforts** of the City of Fairhope and liven up a very busy part of downtown.

Details of the  
Project

# The Location of the Crosswalk: Johnson Avenue

**Johnson Avenue** is located right next to **Coastal Alabama Community College**. Everyday, students and faculty have to cross this street to get back and forth from their classes and vehicles.

# Inspiration

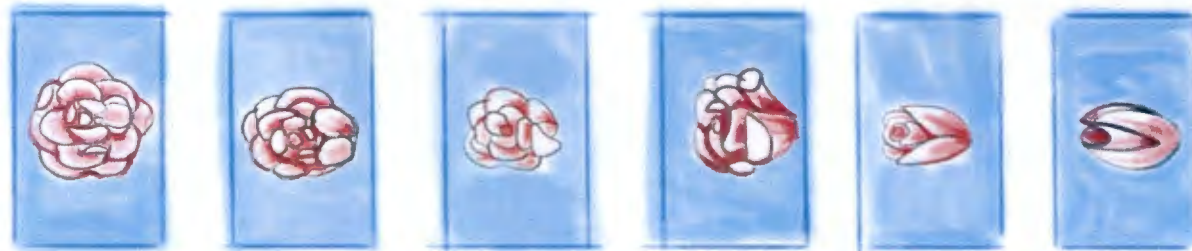

# The Design

The design is composed of **six** rectangles within the crosswalk depicting the blooming of the “**irrational exuberance**” camellia.

The colors will be achieved by **mixing** the available asphalt grade paint provided by public works.

# Why the Camellia?

Not only is the Camellia flower recognized as the **Alabama State flower**, it has a rich history in our town of Fairhope.

**Bobby Green**, of Green Nurseries, is a South Alabama native who has always loved Camellias. Because of his fascination with the native flower, Mr. Green enjoys breeding Camellias to produce unique creations.

Mr. Green's breeding has earned him acclaim in the flower community, most notably for the Hybrid Camellia "**Irrational Exuberance**". "Irrational Exuberance" put Bobby Green, and Fairhope, "on the map" amongst the flower community!

# Materials and Cost

## Materials

## Cost

### -Asphalt-Grade Paint

- Blue
- Red
- White
- Yellow

### Asphalt-Grade Paint

After a meeting with the Public Works Department, the city offered to provide the white and yellow paint.

Blue and red will be ordered at ~\$40 a gallon

~5 gallons of blue

~2 gallons of red

Bringing the cost at **\$350 for the paint**

### -Plastic Tarp

### -Paint brushes

### -Gloves

### -Garbage Bags

### Paint Materials

The specific types of brushes needed will be determined after discussing with "Andy." An estimate budget for both paint supplies and clean up materials will be **\$100.**

**Estimate Total Budget: \$450**

# Process

Public works has offered to place down a **stencil** of the crosswalk for the junior council to then **fill in** with the design on painting day.

The stencil is **time-efficient** and will **minimize mistakes**.

The roads will be blocked off for **one day** of a weekend in early March. A projected date is **March 12**, both are Saturdays.

We estimate **4-5 hours** needed for the ten FJCC members to finish **painting** the crosswalk and **clean up**. A staff painter will be present to **supervise**.

# What We Have Accomplished So Far

- Some of our previous projects include...
  - Fairhope Sunset Staircase project
  - painting of the Fairhope Mural in Fairhope Municipal Park
  - rehabilitation of the artwork in the Fairhope Municipal Park

- This month, some of our members met with Director of Public Works, Richard Johnson, and discussed the details and logistics of the project.
