After Carol Broughton welcomed everyone to Fairhope East Elementary, Amy Foley called the meeting to order and minutes from the August meeting were approved.

As the commission works to create a “report card” for the purpose of monitoring and reporting progress being made in the Fairhope schools with the enhanced funding, principals are compiling test data from ACAP tests, Star tests and ACT. On behalf of the elementary principals, Julie Pierce shared numbers for the 3 elementary schools combined; Curriculum Leader Erica Lea shared numbers for Fairhope Middle; and, Jon Cardwell shared ACT data for Fairhope High. Additional data from the ACAP tests given in the spring of 2022 will be available soon, so work will continue on the analysis of this information, and commission members and principals will determine how to provide it in simple, understandable terms that will tell the story of the value of the 3 mill funding.

There being no new business, meeting was adjourned at 5:30. Next meeting will be on October 5th at 4:30 at J. Larry Newton Elementary.

Respectfully submitted by Miranda Schrubbe
