Addendum 1

Bid No. 24-018-2024-PWI-013

County Road 13 Resurfacing Project

Public Works Project No. 2024-PWI 013

Addendum 1 contains clarifications to the specifications, REVISED Bid Form, and Pre-Bid Meeting Sign In Sheet.

This bid will be opened at the City of Fairhope's City Services and Public Utilities Building, 555 South Section Street, Fairhope, AL 36532 at 10:00 AM on Tuesday, January 23, 2024. Vendors shall acknowledge this Addendum 1 on their submitted Bid Response Form.

1. Bid Response (Project Quantities) has been revised (New Form Attached):
  - To include full-width milling for Segment 3 (Line 3) – From end of north paving at new roundabout to south edge of pavement of Morphy Avenue – STA 36+00 to STA 98+07 – 6,207 L.F. (1.18 Mi) – 14,500 SQ. Yards – this will eliminate milling at tie-ins and driveway and street aprons along this segment. It is the intent of this full-width milling to plane the lane uniform across the cross slope to eliminate compound cross slopes and mitigate reflective cracking.
  - Removed any errant or redundant quantities – reflective pavement markers, striping, etc.
2. Questions concerning the language of the nature of: ***"Bid Response will be treated and considered as "lump sum" bids for all described work."***
  - This language shall be disregarded and considered not applicable as stated. This is a quantities-based project, and all quantities will be field verified prior to payment. Bidding Contractors shall field-verify all conditions prior to submittal. However, there are quantities that are listed as and will be treated as "Lump Sum".
