Questions submitted by email:

1. "Current license from the State licensing board for General BIDDERS, Montgomery, Alabama, as required by Chapter 8 of Title 34, of the Code of Alabama, 1975." <Vendor> is a company out of California that installs sirens all over the world and for the military, would the City of Fairhope accept a bid from our company? Or does not having the current license from the State licensing board for General Bidders, Montgomery, Alabama disqualify us?
A. This clause applies to General Contractors only, and not required for this project. However, since physical work would be done within the City of Fairhope jurisdiction, a City of Fairhope Business License would be required from the winning bidder. The license does not need to be provided with bid submission, but would be required prior to the contract being executed. City of Fairhope Business License information can be found on the City's website at [Revenue/Business License & Tax | City of Fairhope, AL \(fairhopeal.gov\)](https://www.fairhopeal.gov/Revenue/Business%20License%20&%20Tax).
